EXPERIENCE

ENTREPRENEURSHIP-CELL | STRATEGIES AND OPERATIONS TEAM

Jaipur | January 2023 – Present

- I actively contributed to the organization of various events, including E-summits and Ideathons.
- Additionally, I provided support to the technical team by assisting in the maintenance and construction of event websites.
- This highlights my proficiency in strategy development and operational skills, complemented by expertise in coding and web development.

LAUNDERIT

Jaipur, Rajasthan | January 2023 – July 2023

- I collaborated with my E-cell team as a co-founder and technical head on a startup idea.
- We conducted extensive work on diverse aspects, including market research, service positioning, and market competition analysis.
- Although we eventually discontinued the idea due to personal reasons, the experience of leading a team and working on a startup was invaluable.
- If you would like to review the presentation, please visit:

SKILLS

PROGRAMMING LANGUAGES

LIBRARIES/Frameworks

DATABASES

C++, OOP using c++, HTML, CSS, JavaScript

Node.JS, React.JS, Bootstrap

PHP, Firebase

PROJECTS / OPEN-SOURCE

TINDOG | [Link](#)

HTML, CSS, BOOTSTRAP

- Led the complete design and development of the website, ensuring a user-friendly interface.
- Tindog is a website dedicated to connecting dog lovers, fostering canine friendships, and facilitating dog-centric social interactions.

DRUMKIT | [Link](#)

HTML, CSS, JavaScript

- This website serves as a showcase of my proficiency in HTML, CSS, and JavaScript, offering insights into my skills in these programming languages.
- A dynamic online platform offering an immersive and interactive drumming experience through virtual lessons and customizable drum kits.

MERA BHARAT | [Link](#)

HTML, CSS

- This is a fundamental frontend website that I developed for academic purposes. It serves as a demonstration of my ability to create a visually appealing interface using just HTML and CSS.
